### 募集要項

Seeking a diligent Senior Logistics Specialist to oversee and optimize daily operations within our industrial/manufacturing department. This role will demand strong coordination, analytical, and problem-solving skills to ensure smooth operations and meet strategic objectives.

#### Client Details

Our client is a large organization operating in the industrial/manufacturing sector. They hold a prominent position in the market, renowned for their innovative solutions and commitment to excellence. They have a widespread presence across the globe with a highly diverse and inclusive workforce.

#### Description

- Make sure to run daily logistics operations going smoothly co-operating with other related departments (Sales, Sales Ops, Supply Planning, Quality Control, etc.)
- Check inventory is controlled properly at warehouse and coordinate auditing with internal and external auditors
- Execute company Logistics Strategy - Promotion of various projects management (e.g. new warehouse launch, new product introduction and forwarding partner changes)
- Manage import logistics compliance including the Japan custom regulation co-working with forwarding agents

- Act as the main liaison with forwarding agents to build a relationship to achieve company Logistics Strategy Goals
- Drive logistics cost reduction projects (Kaizen Activity) through setting and managing KPI

#### Job Offer

- Comprehensive insurance package.
- Opportunity to work in a diverse and inclusive environment.
- A supportive company culture that encourages continuous learning and growth.
- Permanent job stability in a renowned organization.

Are you ready to take the next step in your logistics career? Apply now to join our team and contribute to our continued success in the industrial/manufacturing sector.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Maribeth Mockovak on +XX XXXX XXXX (NS phone number)

---
